He is with Chimney Solutions. He came with top hat and all!! 2) Chimney Solutions did a good job with the repair of my chimney. and they also do sweeps. |
| The Chimney Smith | Brad Smith     | 770-420-9300 | Kim Wilson                          | Brad is a retired fireman. I found him on the BBB website, where he has an A rating. He removed pieces of the damper and gas starter for cleaning, that I've never had another company clean before. I would definitely use him again.                                 |
