Ackerman Security	770-552-111 <a href="http://www.ackermansecurity.com/">http://www.ackermansecurity.com/</a>	Genny	I'm using Ackerman wireless. It costs more a month but you don't have to worry about someone cutting your phone lines before they break in. The installer was in my house for about 4 hours putting sensors on all my doors, windows, motion sensor & installed a smoke/fire alarm. They auto bill my credit card every quarter.
		Jessica	We've had a great experience with Ackerman. They're responsive and half the price of ADT. Plus, they have a coupon in one of the coupon packs that come in the mail – 6 free months when you sign a 3 year contract.  We had them convert the ADT equipment to Ackerman when we moved into the house and that was also free. Definitely recommend!
Actio Alarms	770-993-5888 <a href="http://www.actioinc.com">http://www.actioinc.com</a>	Olivia	I have used Actio Alarms since I bought my first house in 1989 when I was single, and still use them today. And their monitoring fees are the most reasonable I've found. Always very responsive...and locally owned.
AT&T Digital Life	954-644-2798 <a href="https://my-digitallife.att.com/support/digitallife">https://my-digitallife.att.com/support/digitallife</a>	Angela	We switched from Ackerman to AT&T Digital Life back in February 2013. I can't say enough great things about it. It's all wireless, backed up by our wireless router (internet connection). I can access my two security cameras, and my whole system from my phone, iPad or computer. They also have a home automation package, but we just use the security package right now. Call Hector Cruz at (954) 644-2798 (or hc523j@att.com) with any questions. He knows everything about the system and how it works (including pricing).

RLJ Systems	404-966-8050	Chris	RLJ Systems. Bobby Jones, owner (404-966-8050). What could be better than supporting a local business! Bobby is a Dunwoody resident and after being with several alarm companies in the past, I have found his service to be the best. RLJ's rates are so reasonable, Bobby provides terrific customer service and the response to an alarm is really quick. I highly recommend him for both residential and commercial applications.
Simpli-Safe	888-957-4675	Sherri	I was referred to Simpli-Safe. 1-888-957-4675. My wireless system I had since 93 had just died and I was about to go out of town on personal business. This can be ordered via phone and then on line. Easy self set up! My system cost \$288.72,includes Base Station,wireless keypad, motion sensor, 3 entry sensor, 2 remote keychain sensors,yard sign. Monitoring is 14.99 a month, or one free month if you pay by year. Registered with Dunwoody Police. I KNOW THIS WORKS! The 12th night I was gone the alarm company contacted both of my contacts and Dunwoody police. The police found nothing amiss outside. My friends went in and found my lonely cat had opened a foyer- louvered door close to the motion detector, and it then called Simpli-Safe. Check them out on line and you can see endorsements from Clark Howard and Dave Ramsey. 5% discount by using their name.
