Atlanta Vinyl Windows	770-318-8514	<a href="http://www.atlantavinylwindows.com">www.atlantavinylwindows.com</a>		Fran Putney	We used Atlanta Vinyl Windows last year to replace about a dozen original windows in our '50s ranch. They sell Simonton products, which are excellent mid-priced windows — attractive and energy efficient. The company is a family owned business — Lucinda and Jeff York. Jeff bent over backwards to schedule the date that I wanted. On the installation day, he and his crew were prompt, courteous and very efficient. He came recommended to me by my parents, who replaced all the windows in their home before they sold it.

Davis Windows and Doors	678-884-4038	<a href="http://www.daviswindows.com/">http://www.daviswindows.com/</a>		Debbie G.	We just had our windows replaced by Davis Windows and Doors. They did a great job!
GA Pro Painting and Remodeling	678-516-5812	<a href="http://www.georgiaproexteriors.com">www.georgiaproexteriors.com</a>		Lisa Edler	I highly recommend GA Pro Painting and Remodeling for window replacement and exterior painting. Mike and his team were top notch. I had multiple quotes and not only was Mike competitive, but he uses high quality materials and is thorough, professional and responsive. He kept me updated throughout the project and he scheduled a follow up visit to make sure I was fully satisfied. He took care of little details without question.

North Georgia Replacement Windows	770-888-1604	<a href="http://ngwindows.com/">http://ngwindows.com/</a>		Barbara Berryman	I was very pleased with North Georgia Replacement Windows (770-888-1604). They have a showroom in Roswell but I never went there.. They came to my house with information, samples, etc. The work was outstanding.
Pinnacle Window & Siding	770-928-9922	<a href="http://www.pinnaclewindows.net/">http://www.pinnaclewindows.net/</a>	pinnaclewindows@bellsouth.net	Beth B.	I highly recommend PINNACLE WINDOW & SIDING. We dealt directly with the owner, Lee Fuller. There was zero pressure to buy and we learned so much about windows from them. Their prices were not too low or too high – just fair. The installation was extremely professional and neat. We did need service on one occasion. Our concern was immediately addressed and the item quickly repaired. Please say Beth sent you :). I'd love them to know how pleased we are! PINNACLE WINDOW & SIDING – Lee Fuller, Owner
US Window Factory	877-869-1209	<a href="http://www.uswindow.net">http://www.uswindow.net</a>		Laura P.	US Window Factory is a locally based family owned business. They manufacture their windows at their factory in Norcross. Great prices, no pressure. We love our windows. Get several quotes and then call them. The difference could shock you!! <b>(They are Trust Dale Certified)</b>
Window Concepts	770-822-5280	<a href="http://www.windowconcepts.com">www.windowconcepts.com</a>		Kim Foster	We used Window Concepts (based in Suwanee, but nearest showroom is on Miami Circle). <a href="http://www.windowconcepts.com">http://www.windowconcepts.com</a> . They aren't the cheapest, as they only sell Andersen, Marvin and Jeld Wen windows and doors, but the quality and warranties can't be beat. Diane Amato was a fantastic help, and I know that she has assisted in replacing windows in at least a dozen Dunwoody homes.
