<b>Audra's Choice!</b>	J W Barker Photography	4	<a href="http://www.jwbarkerphotography.com">http://www.jwbarkerphotography.com</a>	<a href="mailto:James@JamesBarker.com">James@JamesBarker.com</a>	678-788-4949	Anne S	We just had our family photos taken by James Barker. My husband is not a big fan of being in front of the camera. Mr. Barker put him at ease immediately and my husband even made the comment after of how much he enjoyed James. I also have two young kids that do not have long attention spans. James let the kids "take over" occasionally and we now have some absolutely wonderful photos of our kids that are natural and fun. All the pictures turned out amazing! I have several family and individual photos that I LOVE and will be displaying in my home. James was extremely professional, took the extra time to help me get through all the photos and decide what I wanted. He went above and beyond editing some of the photos to my special requests. I couldn't be more pleased and highly recommend him.
