Advanced Home Improvements	Tony Milani - milanitony@yahoo.com	404-886-5809	This gentleman's crew just finished painting 3 rooms in my own home. I found him after he was working on a client's home doing some renovating I suggested (remove wallpaper, paint, build a tray ceiling in a basement where there had been a drop ceiling). My clients home went under contract in 24 hours based on changes this company made. They can do little jobs and whole house remodels.	Leianne Messina-Brown

Trisha Parrish
Anderson, Russell		404-787-9964	I highly recommend Russell Anderson for any of your renovation needs. He is reliable, honest, and produces high quality results. In the past, my husband has always done any work that needed to be done around the house. He is knowledgeable and capable of doing this, and has always felt like someone else would never do as good a job on our house as he would, because they wouldn't have the vested interest that he would have. He has been so pleased with Russell's work that he's continued to call him for things that, in the past, he would've done on his own! Russell pays attention to small details we wouldn't ever notice, and makes sure every i is dotted, and every t is crossed. He does all facets of home renovation, handyman work, landscaping, hardscaping, outdoor kitchens, decks - he really does it all - and for a very reasonable cost! We will always look to Russell Anderson and will recommend him to others, whenever there's a job to be done.	Lisa Victory

From the Ground Up Services	Duane Burns	678-982-6443	I would like to recommend our contractor, Duane Burns, owner of From the Ground Up Services. He did a fabulous job remodeling our kitchen 3 years ago and since then, we have used his crew for small jobs around our house as well as a small remodel at Dunwoody Urgent Care. He and his crew are so great to work with. They try hard to keep the work site tidy and they were very good about making sure everything was completed to our satisfaction. They even have a 5 year warranty on their work!	Roxanne Locarnini
Fry, Doug		678-725-6139	Doug has a fantastic work ethic - he was always here when he says he would be, showed up everyday and stayed all day, and he expects the same of his subs, who all do wonderful work as well. He has great attention to detail, is honest, trustworthy, and even fun to have around the house. I have never had anybody do work on my house that I would recommend higher - I have the utmost confidence in him.	Beth Southers
Glazer Construction	Randy Glazer		I completed a major renovation of a home built in 1976 last spring. The company I used was Glazer Construction. The owner's name is Randy Glazer and I highly recommend their work. I am difficult to please and I am very, very happy with the results of Randy Glazer's work on my home. All problems were handled happily, even those that were difficult to correct. I give Glazer Construction an A+.	Linda M. Johnson
Gunter Remodeling	David Gunter	404-539-2454	I can wholeheartedly recommend David Gunter! He has done extensive remodeling work on our home and is an articulate, clean-cut, polite, very capable young man who is honest and has loads of integrity. Harbour Towne	Tom Dwyer - www.harbourtowne.net	770-455-1930	We have used Harbour Towne for two different projects. Tom Dwyer is the owner. He first did our two bathrooms. Last year when we decided to remodel the kitchen and family room. I did not even get another price for it because I was so pleased with the bathroom job. I hope you add him to your list. I wrote a great review of his work on Kudzu.	Gerri Penn
Hatteras Construction	Paul Springer - springerpw@att.net	770-367-9963	We live in a traditional Dunwoody home. We have done lots of renovation projects since we moved in 8 years ago, but Paul Springer is the only Contractor I would recommend that we have used. Paul constructed a covered patio addition to the back of the house. This was a complicated project because A/C units had to be removed, work to get repair areas of erosion due to water and removing an existing deck and patio before construction could start. The project moved like clockwork with Paul here every step of the way. I would often look out at the end of the day to see Paul making sure the construction site was clean and tidy at the end of the days work. He responded to any feedback I gave promptly and immediately and was not satisfied until I was happy. Before we started he took me on a tour of Dunwoody showing me various project he has completed. He is a Dunwoody Resident and his home is one of the nicest remodels in Redfield you will find. He truly has an intimate knowledge of Dunwoody homes and also was able to provide design guidance and suggestions which is not normal in my experience from a contractor. Before we contracted with Paul we went through a process with a design build firm and decided not to proceed with them. Paul not only provided the same level of service that the design firm offered, but did so at much more competitive price. His background in banking, helps him plan his projects properly and timely which in the end saves his clients money. We plan to use him again for future planned projects.	Lisa Dickson
Highland Design Gallery	www.highlanddesigngallery.com	770- 579-2999	Highland Design Gallery - Todd Swarts. We recently completed a total master bath remodel which turned out better than expected. No job is too big or small. Reid lives here in Dunwoody and is very responsive, hard working, reliable, trustworthy and easy to work with. He is not happy until you are happy. He can do anything from larger scale renovations, plumbing, decks, painting, kitchen and bathroom updates, etc.	Michele Norwood

He was easy to work with and the people that work for him were always on time, cleaned up after themselves and very nice to have in my home! Noble Power Washing	Mr. Noble	404-840-1225	Mr. Noble did an excellent job power washing our house, driveway and walkways and even used a special circular scrubber to make the driveway practically sparkle. His price was very competitive and he wouldn't accept payment until I was satisfied with his work. I will hire him every year.	Mindy Hamer
MOSAIC Group	Rick Goldstein or William Fadul www.mosaicgroupatlanta.com	770-670-6022	I would like to recommend MOSAIC group for your major and minor home renovations. They patiently, sat down with us several times over several months until we figured out exactly what we wanted. They were able to take our likes and dislikes and consider all the "bright ideas" we brought to the table while creating fresh ideas for our lifestyle. Love our kitchen and the plans for the next phase of our renovations. If you have to have people roaming around your house for weeks, these are the kind of people you want. Respectful and friendly. Any time we had questions, we were able to contact the contractor or the architect. Wouldn't think of using anyone else for our renovations.	Jan Hewitt

MOSAIC Group	www.mosaicgroupatlanta.com		We highly recommend Mosaic Group for any remodeling/renovation work. They are a professional design and build team consisting of architects, designers, and craftsmen who truly work with the customer from day one to create a unique, unified vision of the project. Many renovation "experts" perform quality work, but most deliver a final product that is a cookie cutter version of concepts they're comfortable building. Mosaic's approach is completely different, offering clients a completely custom renovation, injecting innovative ideas and concepts reflecting the desires of the customer. We recently hired Mosaic to renovate our basement. Though our home is traditional, we wanted a different look for our basement and had a mid-century modern aesthetic in mind. They embraced the idea and created a design to achieve the look and feel we envisioned. The entire process was (even though quite dusty) virtually trouble free. A dedicated project manager was assigned to us who professionally handled every aspect of the day-to-day construction. They finished on time and were very mindful of our budget. We plan to hire them again for future renovations. Mosaic truly delivers the WOW factor!	Jerry and Laila Berland
Paragon Construction	Justin Henry		We can't recommend Justin Henry with Paragon Construction enough. My husband recently did a very thorough review of the work we had done on Houzz. <a href="http://www.houzz.com/viewReview/330805/Paragon-Construction-Services-review">http://www.houzz.com/viewReview/330805/Paragon-Construction-Services-review</a>	Kelly Adkins

Passow Construction	Craig Passow	404-376-4358	So glad I saw this post! I would like to recommend our contractor, Craig Passow, of Passow Construction. Craig and his crew remodeled our Dunwoody kitchen a year ago. I have more than several positives to share with you & the followers. The first is HONESTY: Craig was extremely open & honest with us regarding our budget, why we should or shouldn't do something and how long it was going to take (a realistic timeline), COMMUNICATION: Craig was extremely easy to get a hold of and returned all of our calls promptly (even a year later I had a concern and he "fixed it", happily!), he took note of any changes and was very flexible & professional, CREATIVITY: even though we had a designer he and his crew and sub contractors were very helpful and shared their ideas, DEPENDABLE: he always arrived on time and was on the worksite everyday, his crew and sub-contractors always looked appropriate and were on time, Craig's follow-up was very detailed oriented and satisfaction was guaranteed. On a side note-cabinetry is always a very expensive part of a kitchen renovation and Craig's guy, Mike Volan of The Cabinet Source, was fantastic. We got the look we wanted within our budget.	Charlotte Turner
Passow Construction	Craig Passow	404-376-4358	Craig Passow Construction is well respected in Dunwoody. Craig is honest and has an outstanding work ethic, which he expects of all those who he employs. I have seen other homes that Craig Passow has done work on and they are beautiful as well. I would not call anyone else to do work in our house! Craig Passow Construction is the only company we trust!	Jennifer and Sean Smith
Passow Construction	Craig and Libby Passow	404-376-4358	Two years ago I bought a beautiful home in Dunwoody that had been totally renovated by the owners, Craig and Libby Passow. Craig is a general contractor; he did the renovation and the home was/is beautifully done. Three weeks ago the county sewer line backed up into the finished basement and caused a lot of damage. The basement had to be repainted, baseboards and sheet rock had to be replaced and the bathroom had to be totally re-done. I hired Craig to make it beautiful again and he has! His work is top-notch. He is reliable and honest. He is knowledgeable and easy to work with. I highly recommend Passow Construction.	Madelaine Murad
Passow Construction	Craig Passow	404-376-4358	Craig remodeled two bathrooms, master and guest, at the same time for us. He delivered as promised. He was attentive and available. The X-pert Remodeling Contractor LLC	Hugh Rawn	678-362-8236	<p>Why did a type A personality stop worrying shortly after beginning an extended and extensive home repair? Because Hugh Rawn of The X-pert Remodeling Contractor is capable, ethical, and thorough. He fulfilled every promise without our asking, paid attention to details, and cleaned up every day's debris. We were so pleased with his work and grew to like him so much that when our multi-month project was completed, my husband and I hosted a thank-you dinner for Hugh and his wife, the decorator and her husband, and the couple who made the recommendation! Hugh respected our budget, helped us with decisions, and made excellent suggestions. We knew the house had issues, but as Hugh uncovered more "surprises", he showed us exactly what and why. My husband is sufficiently knowledgeable that he knew Hugh was being straight with us. Frankly, our home is now better constructed than when first built. One issue was that multiple outside doors had to be replaced. Hugh's crew brought the two and three paneled glass doors up via the deck, rather than come through the house. In removing and replacing the leaking doors, the inside door frames were not only not damaged, but the paint wasn't touched! Now THAT'S care and talent! Hugh paid attention to the details, down to tiny rubber bathroom drawer stops so closing the drawers wouldn't nick the fresh paint, a detail that even a type "A" would have missed. The after construction punch list was minor and immediately accomplished. I could share many other examples of his personal attention during the project. Hugh Rawn of The X-pert Remodeling Contractor is a professional. Working with him was a relief</p>	Marsha Londe
